Neocon Bible Q & A

You say We lost this war
We burned so to begin?

We say fools did
who didn’t listen.

You say We lied,
coaxing others to
submit to same?

Noble Lies
direct to larger truth,

therefore to the purity
of High Ideas.

(We Romans! are
and not conniving Greeks.)

We say additionally
that present chaos will light
our incandescent art in time.

We’ve engendered it
and thus embrace!

You say We’re taking money from this war
but why again spectate butchery without
the golden shower of profit?
